

Rural Philanthropy Day

November 4, 2022
Schulenburg, TX

Directory of Participating Funders

One of the most popular aspects of Rural Philanthropy Day, the Funder Roundtables, will occur Friday afternoon. During that portion of the conference, representatives from both funding organizations and nonprofit organizations will have an opportunity to meet face to face to discuss whether there are possible matches between the funder's giving or grant priorities, and the nonprofit's needs.

The following is a list of the participating funders. The organization's name listed below is a hot link to the funder's website. Many funders have a portion of their website that describes their grant process and funding priorities.
